Farewell to Kate

After three wonderful months with Kate Bonser we are having to bid our farewell. Kate did an excellent job teaching English, preparing creative art projects and covering general preschool activities with the children on a daily basis. The nannies and children alike adored Kate. She brought with her a gentle and sweet nature and it is very evident that a portion of that was deposited into each child. Thank you Kate, for being obedient to God and giving your all as you served faithfully at BSJ. Blessings to Kate as she returns home !

Three Levels of Kindergarten

Sarah and Esther have just begun new levels of kindergarten . Here in Thailand KG has 3 levels. Sarah is now working at the 3rd level and Esther at the 2nd level. Both girls are doing well at the local Thai school. They are growing and learning within their culture. We are praying, that one day it will help them to bring redemptive change within the culture.

Our pretty little school girls

Baby due any day!

Daaw, one of our nannies, is now 9 months pregnant. Due to have her baby any day. She is looking and feeling well in spite of the heat. Please pray that she will experience God's goodness and love in her labor and delivery. Baby pictures to come soon!

Swimming Lessons

A special thanks to Stephanie Keeks who has come to volunteer with BSJ for several weeks. She is a certified swim instructor with the YMCA and has offered her expertise to our kids. It is delightful to see them in the water, blowing bubbles and splashing about. Josiah was the only one that showed any apprehension.

Teaching them water safety is a priority, having fun mandatory!

Thank you for your partnership with BSJ. Bringing Godly redemption to Thailand, one child at a time.
