Christmas Day was a very exciting time for all. This year it was celebrated Thai style. Phii Daa cooked an amazing meal as usual. Everyone played games and ate too much which is very common on Christmas Day anywhere in the world.

The staff and children were incredibly blessed by many generous people. A big "THANK YOU" to everyone that sent gifts or money to make this a special Christmas for them.

Once the children had gone off for their afternoon nap, all of the staff enjoyed a Thai style BBQ together.

We also saw some changes in staff recently. Anne left us to go and get married. The wedding was up in Anne's village. There was a huge celebration. Anne's younger sister Wilai has taken over Anne's role at BSJ.

Pai also left about the same time as Anne. Pai's is already married but her husband has always worked in a Province closer to Bangkok. Pai left BSJ to go to be with her husband.

The girl that replaced Pai is a friend of Anne's. Her name is Nii. She has just finished bible college.
