ISAAC'S 4TH BIRTHDAY

Isaac has only been with us since June and he has settled in and is a very happy, well behaved little boy.

On January 5th, BSJ celebrated his 4th birthday. He was given his own bike and some sandals.

Below are some pics of the Isaac and the other children celebrating Birthday.

Bye Bye Hannah

It is with great sadness that BSJ has said "Goodbye" to Hannah. As time progressed we realized that Hannah needed more help than we could give her. Good friends of ours have opened a home more specialized in the care that Hannah needs. Hannah bonded with our friends over a number of months while they worked at BSJ during last year. It was a very natural progression for everyone involved. Hannah is very happy where she is, in a small family getting the attention that she needs. Hannah and the BSJ kids continue to see each other regularly.

Hannah opens her birthday presents as Joel and Sarah look on.

Children's Day

On January 12th it was Children's Day which means that all over Thailand business and organizations welcome children for tours and parties. This year we had two big organizations visit BSJ. One was the company that makes Mamma Noodles (like 2 minute noodles, huge part of the Thai diet). The other company was the Standard Charter Bank.

Right is a photo of some of the staff that visited for the day. They bought KFC for everyone for lunch and gifts for all of the children. It is great to see the Thai people hearts touched by the children and them want to be a blessing to them.
