## As the end of the year draws closer and Christmas approaches please remember us!

As people around the world prepare to celebrate Christmas and the joy of holidays and the New Year we struggle to cover the costs. November, December and January are the hardest time of year for us financially.

We understand and recognize that this is a difficult time everywhere given the world's economic climate. We have experienced this first hand with a drop in the Australian dollar against the Thai Baht – meaning we have lost a significant portion of our funding just through the exchange rate.

We greatly appreciate gifts that are sent each Christmas to the children, it helps to make it a special time for them. Our Nannies also work hard and give so much of themselves through the year and we would like to be able to bless them over this time as well –often though they are forgotten. We ask you to pray and consider if you are able to help us financially over this season and possibly committing to support for 2009. Some of our ongoing areas where we are struggling to cover costs include, rent, food, nappies and wages.

We firmly believe in and are passionate about the work that we are doing both for these children and in Thailand. However the home is only able to continue to operate through the support and generosity of others.
